Instructions to increase the visibility of the article:

Title

☐ The maximum length of the article title should be 140 characters.

☐ The title should contain 1 or 2 keywords.

☐ One of the keywords should be used within the first 65 characters of the title.

Abstract

☐ Ensure that the essential findings and keywords are included in the first two sentences of your abstract.

☐ The keywords should be repeated 4-7 times in the abstract.

☐ The unnecessary usage of the keywords in the abstract should be avoided.

☐ The use of keywords should appear natural both in the abstract and throughout the text.

Keywords

☐ All keywords should be chosen from MeSH.

☐ The keywords should consist of phrases, and single-word usages should be avoided.
